A MEETING IS PLANNED?

PORTERS PLACE — There is some reason to believe, however the facts cannot be substantiated, that a meeting, or meetings will be attempted Friday, the 26th inst. at that stopping place along the Emigrant Trail commonly known as the Mountain Lion saloon.

Mike Chrisman Heads County Fair Board

TULARE — Mike Chrisman, of Visalia, has been elected president of the board of directors of the Tulare County fair, succeeding Evelyn Beck, of Tipton, who had served during the past year.

Elected board vice president at January organizational meeting held in the fair office was Ida May Van De Venter, of Visalia.

Other board members are: Hal Campbell, of Porterville; Antonio Nunes and Bill Silveira, of Tulare; Edward Tellalian and Don Kurihara, of Orosi; and Burke C. Thompson, of Lindsay. Secretary-manager of the fair is Al C. Slindle.

Certain elements associated with the running of the Jackass Mail will seek to identify and bring into focus the various and intricate details attendant thereto.

Specifically, it is believed, without verification, that ex-wagonmasters will attempt to pool their meager intellectual talents; persons ambitious toward the title of wagonmaster for the 1973 mail run April 7 are said to be seeking to organize in their own interests; Doc Small's Medicine Show troupe will quite likely be auditioning for the coming road season; the MLS Bach quintet, sextet, octette or notyet, will render certain

BOUDREAU IS BOARD CHAIRMAN

PORTERVILLE — John Boudreau, newly-elected member of the Sierra View District hospital board, was elected chairman of the board at organization meeting this week, succeeding Ralph Tyrrell, who did not run for reelection. Vice chairman is Joe Faure Jr.; other board members are: George Day Ferguson, Janet De Matteis, and Concho Ramirez. Appointed as secretary-treasurer was Helen Norman, of the hospital staff.

FAMILY ACTIVITY TO MEET COMMUNITY NEEDS IS "Y" GOAL

PORTERVILLE — Special emphasis on family group activities aimed at meeting community needs is planned by the Porterville YMCA committee of management, with Ronald Bessey, chairman of the committee, stating that scope of the family activities program depends on success of the YMCA membership drive that will start February 1 in the Porterville area.

On the basis of a survey conducted about four months ago among members of both men and women service clubs, four top priority Porterville community needs were selected

from a list of eleven for special attention in the local YMCA program.

These four needs, determined by the survey, include: Improved moral and spiritual values; education and preventive services in the field of drug use and abuse; stronger home and family relationships; and maintenance of and respect for law and order.

"We believe that basically, need in all four of these areas can be met through strong family ties developed by programs in which the family participates," Bessey said.

He listed specifically the "Y"

Indian Guides, "Y" Indian Maidens, "Y" Indian Princesses, and "Y" Trailblazers.

"These YMCA program units cover an age range from six to 12 years; fathers, mothers, sons and daughters are members, along with their children," Bessey stated. "Add to these club activities our youth camping, family camping and caravan programs, swimming pool operation, and special programs like YMCA Youth & Government, we feel that our YMCA offers the youth and families of Porterville a diversified and meaningful

WHY NOT ADVERTISE JUST ORANGES?

EXETER — Would advertising of oranges as such, that is the generic product, help to stave off over production?

The question was asked - and answered - by Ed Zeller, executive vice president of Mendelson-Zeller Co., Inc., San Francisco shippers of fresh fruits and vegetables who recently addressed members and guests of the Citrus Men's club at a luncheon in the Exeter Memorial Building.

The problem of over production which plagues not only the citrus industry but all fruit producers everywhere must be faced, the speaker told an audience of citrus producers, packers, financiers and suppliers. "To do this, growers themselves must take a hand," Zeller stated.

"Would it not be more advantageous to advertise oranges, or lemons, grapefruit, tangerines etc. as such, rather than under a brand name? Look what happened to strawberries, avocados, milk and dairy products of all kinds when they started talking about the product as a whole, rather than certain brands."

To do this type of product advertising, that is to start telling the story and the nutritional value of citrus fruits, all growers must or should help pay for the promotion, the speaker said.

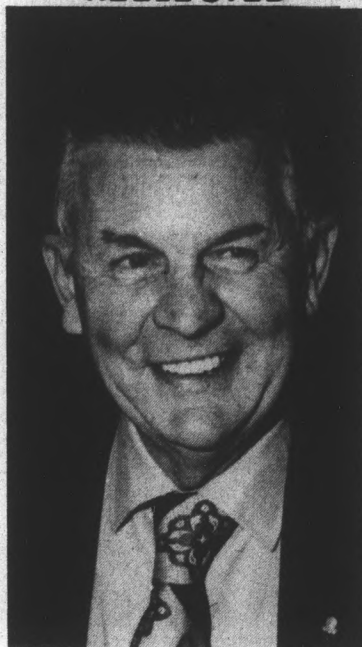

"It just isn't right that only the growers affiliated with Sunkist should be burdened with the cost of advertising. Why should they, say, pay for advertising that we, Mendelson-Zeller marketing company, do not pay for? Growers who ship their fruit through us should share the cost as well."

He also had some pointed comments about the nutritional value of fresh citrus, as opposed to what he termed 'snack foods' which are more and more preferred by the consumers of this country. "What happened to the fruit basket on the American dining table?" he asked.

REELECTED

JOHN V. NEWMAN, of Ventura, was reelected chairman of the board of Sunkist Growers Inc. at reorganization of the citrus cooperative held last week at the Sunkist headquarters in Sherman Oaks. J.M. Dungan, of Exeter, was reelected as a vice-chairman.

County Men Reelected To Sunkist Board

SHERMAN OAKS — Nine men, representing the various Exchanges in Tulare county, were reelected to the board of directors of Sunkist Growers Inc. at annual meeting of the citrus marketing cooperative, held at Sunkist's international headquarters in Sherman Oaks.

Reelected as one of three vice presidents of the board was J.M. Dungan, of Exeter, who represents the Mid-California Citrus Exchange at Visalia, along

SPRINGVILLE RODEO QUEEN CONTEST OPEN

SPRINGVILLE — Invitation is still open for girls to participate in contest for queen of the 1973 Springville-Sierra rodeo, and details of actual staging of the rodeo and of grounds improvement are being worked out by directors of the rodeo.

Eligible for queen or attendants are unmarried girls between the ages of 16 and 21 years; selection will be on a basis of horsemanship, 50 percent; personality and appearance, 20 percent; and sale of special tickets, 30 percent.

Full information on the contest can be obtained from co-chairmen of the queen contest - Mrs. Mary Baker or Mrs. Cinda Peterson, telephone 784-2286, or 784-6146, or by writing to Mrs. Baker, 32187 Indian Reservation road, Porterville, 93257.

At a meeting of Springville-Sierra rodeo directors Tuesday night at the Veterans' building in Springville, general plans for the world championship event, April 14-15, were discussed.

FOUR CANDIDATES FILE FOR THREE CITY COUNCIL SEATS

PORTERVILLE — With filing deadline at noon today, it appears four candidates will be seeking three Porterville city council seats in the April election.

Incumbents Aubrey M. Lumley, Gilbert Yniguez, and Mayor Larry Cotta have filed nomination papers, also Earl Smith, a member of the Porterville high school faculty.

THEY'LL GET "Y" DRIVE UNDERWAY

KEY LEADERS in annual membership drive of the Porterville YMCA are, from left, seated: Bob Bray, Paul Perkins, Drive Chairman Myron Corwin, and Dick Hatfield; in back, Bob Matzke, secretary of the Porterville "Y" board of management; Bill Schramm, general director of the Tulare County YMCA; and Tom Van Groningen. The membership drive, with a budget of \$6,000, will start February 1.

bowl versus cola drinks, pastries and other snack foods has been reflected in statistics which show that the consumption of fresh fruit has constantly gone down, while that of snack foods has gone up, Zeller told his audience. "Only when this trend is reversed, will you as growers get some relief. You know that prices for oranges were dismal until the December freeze hit and the huge crop was reduced."

Zeller had another comment

regarding advertising. He pointed to the fact that oranges and other fresh fruits can be seen by the buyer. "The housewife will buy fruit because it looks good, not because of the brand name that is stamped on it. Other food manufacturers, such as Del Monte, Libby and others, have to advertise their brands heavily, since the housewife cannot see what's inside their packages."

The speaker, in looking back on the causes for over production briefly touched on the reasons for this, by highlighting not only the growth and building explosion in southern California, but also the advent of a new "Word" in agricultural economics, the "tax shelter" and the appreciation of land values. "This caused an imbalance between production and consumption greater than ever, which you, as growers, will have to face up to," he said.

Zeller was introduced by Duane Hickerson of Ivanhoe, president of Citrus Men's club.

selection of activities."

"It is in these groups that we believe we are developing values related to meeting the four top community needs - and other needs - by strengthening family ties and relationships, and special emphasis will be placed on the community needs items during the coming year," he said.

Porterville YMCA membership drive, with a 1973 budget of \$6,000, is headed by Myron Corwin. Working with him in specific segments of the community are Dick Hatfield, Paul Perkins, Bob Bray, and Tom Van Groningen.

"Change is inevitable - it's the direction that counts," is the basic theme for the membership drive.

"Our budget of \$6,000, set for the Porterville area, is what we need to continue to turn our young people in the direction of the YMCA," Corwin said. "All money raised locally will be spent locally to support the family-oriented programs conducted through the 'Y' for boys and girls and for young men and women."

Corwin said that the YMCA receives no money from outside sources; that people of the community must support the "Y" through their membership contributions if the program is to continue.

"The only alternative is dependence on government agencies to provide this type of youth program," Corwin said. "Many of us feel that government alone cannot do an adequate job, that really there is no substitute for the American system of voluntary, local effort as exemplified by the YMCA."

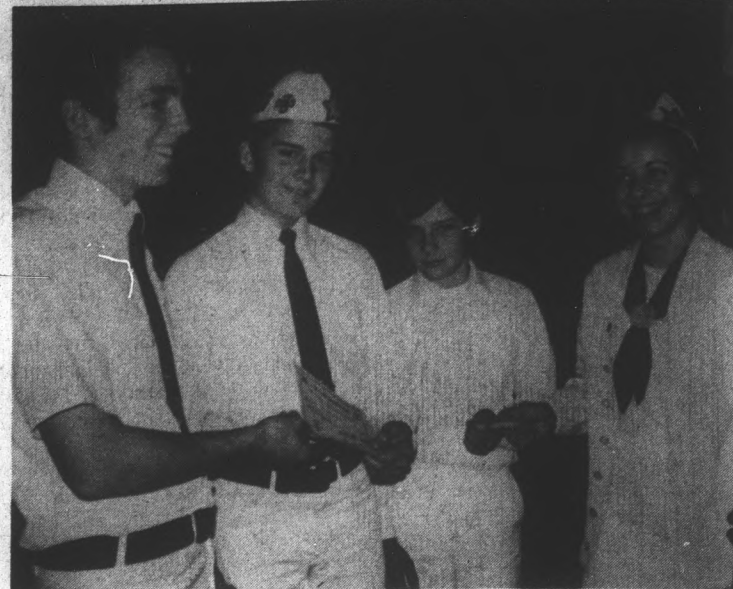

"Last year about 600 Porterville area boys and girls participated in some phase of the 'Y' program. Our goal this year is to increase our 'Y' membership so that the local program can not only be continued, but expanded," Corwin said.

Bennett, president of the Vandalia 4-H club, also served as a master of ceremonies, along with Tony Slaton, of Lindsay; the Santrys and Miss Souza, are Pleasant View 4-H club members. Other County All-Stars from Pleasant View who participated in the field day were Robert Fallert and Pamela Holtermann, along with Gloria Almeida, a junior merit award winner.

Editorial Comment

A TRULY FREE PRESS

In the context of current court efforts to force newspaper reporters to reveal the sources of their information, it seems appropriate to recall Thomas Jefferson's famous assessment of the Fourth Estate. On January 16, 1787 he said:

"... were it left to me to decide whether we should have a government without newspapers or newspapers without a government, I should not hesitate a moment to prefer the latter."

Jefferson, of course, was not arguing for an anarchic nation, nor was he advocating an anarchic press. He was, we have to believe, stressing the essentiality of a truly free press... a press that can probe and report the activities of the public, of the world of business, of governments in the light of the public interest. The great antidote to anarchy and to despotism alike is an informed public.

Jefferson did not see freedom of the press as freedom from all restraints, but rather as freedom to carry out decently, diligently and fully its responsibilities to the people.

Becoming a newspaperman does not miraculously make a man decent or trustworthy, any more than does election to office, although we like to think it may sometimes help. There are boundaries that must be respected, punishments for their disrespect.

The privilege of protecting news sources carries with it a very large responsibility not to use it fraudulently but intelligently and in high principle as a means of providing information essential to the public.

To jeopardize that privilege would not destroy the newspaper industry, but it would be a significant diminution of the public's right to know.

Valley Entity Needed To Push For Valley Water

MADERA — A proposal for a broad-based entity to represent the public in overall problems of water supply and drainage was presented by Visalia consulting engineer, James F. Sorensen, at a meeting in Madera of the San Joaquin Valley County Supervisors association.

Sorensen, a former president of the National Water Resources association, is secretary both of the Friant Water Users association and the Central Valley East Side Project association.

He told the supervisors that major decisions on water are being made now both in Sacramento and Washington without the valley's position really being heard or understood.

"What is vitally needed is a kind of joint entity with political force, which would have some powers to seek full consideration for the valley in water development. It is our only way to counteract the heavy influence of the metropolitan areas in legislation and other decision-making," Sorensen stated.

SLIDES TAKEN IN JAPAN SHOWN AT JANUARY MEETING OF DUCOR 4-H

DUCOR — Miss Glenna Cannella showed slides of her stay in Japan at January meeting of the Ducor 4-H. Miss Cannella spent two years as a school teacher in Japan and had many beautiful slides taken during her stay there.

The meeting was called to order by President Delbert Evans. The minutes were read by Marsha Carlisle. Debra Todd gave the treasurer's report and Sharon Turney reported on her reporter's book.

The flag salute was led by Phillip Castle and the 4-H pledge by Mike Flynn.

Darlene Turney told about taking Christmas gifts to the Porterville State hospital. Debra Todd reported on the 4-H horse show put on by Vandalia 4-H. Darryl Parker told about the road-side clean-up. Corey Wellendorf reported the trash barrels were finished and turned over to the Porterville Fair. Julie Swartzlander told the results of

the All-Wool Contest held in Bakersfield. Marsha Carlisle told about the Hi-4-H Coffee break over the Christmas holidays for motorists on 99 freeway.

Conrad Zimmerman announced the snow party would be January 28 at Ponderosa. Delbert Evans said the Environmental Awareness meeting was set for January 15. Marsha Carlisle thanked everyone for bringing newspapers for Community Pride and asked everyone to bring a good conditioned used toy next meeting.

The club presented a new sign for the library to Ducor Woman's Club president, Mrs. Jane Muller.

Project reports were given by Mark Flynn, Sherry Zimmerman, Rebecca Rickels and Dora Warner.

Mrs. Gordon Todd, community leader, announced that Julie Swartzlander had earned her Gold star and Mark Flynn and Riana Baxley their Bronze stars.

Songleaders Karen Carlisle, Twila Dilday, Mary Beth Lawrence and Riana Baxley led the club in songs.

Refreshments were served by Chairman Debbie Parker, Co-Chairman Phillip Castle and assisted by members Darryl Parker, Corey Wellendorf, Peter Wellendorf and Don Sparberry.

BARBED WIRE COLLECTORS PLAN TWO-DAY SHOW

HIGHWAY PATROL SETS NEW RECORD FOR "DRUNK DRIVING" ARRESTS

SACRAMENTO — A new record for "driving while intoxicated" arrests was set by the California Highway patrol in 1972 when its officers apprehended 95,667 drinking drivers. The patrol's old record, set in 1971, was 17 percent below the new figure.

Total arrests by the patrol during 1972 on all charges numbered 2,072,373, down approximately 14 percent from the previous year.

Highway Patrol Commissioner Walter Pudinski

says there is direct correlation between the figures. "During the last six months of 1972," he said, "the patrol concentrated on preventive enforcement."

"For example, officers were ordered to keep on the road and moving while on the lookout for drinking drivers and others likely to cause accidents. This was a change from previous policy which on occasion had the officers station themselves at vantage points where they could spot and apprehend speeders."

"We do not abdicate any of

our law enforcement responsibilities under this new policy but it does allow each officer to pass up a minor violator if by doing so he can stop a driver whose activities threaten the safety of others."

The all-time high for drinking driver arrests by the patrol came with the 1972 Christmas holidays when 2,532 were arrested in a 78-hour period.

"We have never before had so many officers on the road as we did during that period," Pudinski said, "and it paid off for there were actually fewer traffic deaths during those hours than usually occur during a

comparable period when there is no holiday travel."

Friant Water Users association is holding its January meeting at noon today in the Vintage Press, Visalia, with executive committee session starting at 10:30 a.m.

The nation had 14,485,000 head of cattle and calves on feed for slaughter as of January 1, four percent more than a year earlier.

FARM FRONT

VISALIA — Tulare county's agricultural situation looked like this, as of the week ending January 20, according to a report from the office of Elvin O. Mankins, agricultural commissioner:

A few fields of Milo are still being harvested, but quality is poor because of extended wet weather, and yield is low in late fields because of frost. Barley planting is about complete; dry-farm grain is looking better due to rain and warmer weather.

Most cotton fields have been picked and shredded, although this work was slowed by wet weather. Herbicides are being applied to control weeds in alfalfa.

Pruning is almost complete in fruit and nut trees; dormant spraying of deciduous trees is underway; grape vines are being pruned and tied; some deciduous nursery stock is being dug and shipped.

Heavy fruit drop is occurring in Navel and Valencia orange orchards; heavy packing house grading of Navel is necessary due to frost; leaf-and fruit bud damage from the December freeze is showing in avocados.

Tomato ground is being prepared for early planting as weather permits; Romaine lettuce is showing damage from frost.

Grasses in native pastures are showing growth due to recent rain and warm weather, but supplemental feeding is still required.

SPRINGVILLE 4-H TO HAVE FLOAT IN RODEO PARADE

By John Robinson

SPRINGVILLE — The meeting of the Springville 4-H club was called to order by President Roy Swift. The Flag salute was led by James Staggs and the 4-H pledge by Randy Shockley.

Secretary Robin Robinson, read the minutes from the December meeting and called the roll. Treasurer Julie Lewis gave a report and balance of money on hand. Historian Mary Lisa Barrett gave report on pictures taken at the December meeting.

Gary Lewis reported on the Christmas party; Anne Kay Cummings reported on Christmas caroling; Julie Lewis reported on the Community Club program.
